

Paving Your Professional Career Path in STEM

Master of Engineering in Engineering, Law, and Policy (MELP) Graduate Information Series

**November 10 • November 17 • December 9
Noon: Kunkle Lounge and via Zoom**

Advance your career potential in government, industry, and non-profits with a professional Master of Engineering in Engineering, Law, and Policy (MELP) at Penn State. At the MELP Graduate Series: Paving Your Professional Career Path, you will learn about the professional graduate degree and meet faculty who will share their successful career paths and impact across law, policy, and engineering in the STEM workforce. Meet the program director, Sandra Allain, and learn more about this new interdisciplinary graduate program and in-demand technical and professional skills needed to accelerate your career in the public and private sector and stand out in the job market.

All events will be held at noon via hybrid mode through Zoom and in person at Kunkle Lounge, Hammond Building on the Penn State University Park campus.

Registration is required. All engineering majors and STEM programs are welcome. Boxed pizza will be provided to in-person attendees who register and attend the events.
